

K210 PROPOWER CREW

Improves stability and protects against injuries - highly cushioning

High compression crew sock that guarantees maximum protection thanks to the special **PATENTED** structure ankle-arch support, which effectively **stimulates the proprioceptive control system**, ensures foot stability during quick directional changes **and prevents the onset of injuries and micro-traumas** due to leaps sudden jerks and abrupt movements.

With high-density shock absorbing reinforcements, which guarantee maximum protection and comfort during medium and high impact sports activities.

SUITABLE FOR::

FOOTBALL, TENNIS, PADEL, VOLLEY, BASKET, RUGBY, RUNNING, CYCLING, SKATING, PARKOUR, GOLF...
